- Procreate
- Toon Boom Harmony
- Storyboard Pro
- Premier Pro
- Adobe Photoshop

# Matthew Pearce

## JUNIOR 2D ANIMATOR, CONCEPT ARTIST

I am a confident and adaptable junior animator and artist with the skills needed to excel across a range of tasks. With attention to detail, I am capable of working to a high standard with keen attention to detail whilst remaining efficient in the workload I produce.

## EXPERIENCE

### "Murder Drones: Solvivirus" // Aug 2023 -

Spin-off parody webcomic based off an existing IP. Passion project that I spend my personal time making and posting on my social platforms.

### "Show Down" Short Film // Sept 2025 - Dec 2025

Short film based on a western-styled gag aimed for pre-schoolers as a part of a collaborative group project for university. I did background concept art, colour designs, and was the main person to do clean-up.

### "Art Stop" Short Film // Feb 2026 -

An independently made short film based off the struggles of overcoming art block. Self-producing the film and using feedback to identify which parts of the animation process I find most enjoyable.

## EDUCATION

### University of the West of England // Sept 2024 -

BA (Hons) Animation

### Beacon Academy // Sept 2022 - June 2024

A - Level Digital Media
